

DHANYA PASUPALAN

Senior Technical Recruiter | Talent Acquisition Specialist

+91 9961261794 | dpasupalan@gmail.com | Bengaluru, India | [LinkedIn Profile](#) | [Portfolio](#)

PROFESSIONAL SUMMARY

Results-driven Senior Technical Recruiter with 5+ years of full-cycle IT and international recruitment experience. Proven track record closing 35+ IT positions across software engineering, data analytics, and infrastructure, with a 90% offer acceptance rate and 25% reduction in time-to-fill. Experienced in UK, Ireland, and New Zealand international hiring — including right-to-work compliance, visa documentation, and onboarding. Adept at Boolean/X-ray sourcing, ATS-driven pipeline management, stakeholder engagement, and high-volume talent delivery in fast-paced environments. Immediate joiner.

CORE COMPETENCIES

Full-Cycle IT Recruitment	Boolean & X-Ray Search	UK / International Hiring
Contract & Permanent Staffing	ATS & Recruitment Analytics	High-Volume Hiring
Stakeholder Management	Offer Negotiation	Right-to-Work Compliance

PROFESSIONAL EXPERIENCE

HR Recruiter — IT & International Healthcare Staffing

B-GHUD | Mavelikkara, Kerala

Jan 2024 – Present

- Led **end-to-end international recruitment** for nursing and healthcare professionals across **UK, Ireland, and New Zealand**, successfully placing **50+ candidates** in clinical roles within 12 months.
- Managed full candidate lifecycle: skills assessment, professional counselling, **right-to-work verification**, licensure checks, certification coordination, and **visa documentation** — ensuring compliance with UK, NZ, and Irish hiring regulations.
- Built and maintained partnerships with **15+ international healthcare agencies and institutions**, growing the placement pipeline by **40%**.
- Streamlined compliance and documentation workflows, cutting processing time by **30%** while maintaining full regulatory adherence across international markets.
- Screened and assessed **200+ candidates** against international role requirements, maintaining consistently high placement quality and candidate satisfaction.

Career Break (Apr 2023 – Dec 2023)

Took a *planned break* to address family commitments. Used this period to upskill in international hiring practices, UK compliance frameworks, and recruitment analytics. Returned to full-time recruitment in January 2024.

Technical Recruiter

ConnectorsHR Consulting | Bengaluru, India

Jan 2021 – Mar 2023

- Executed **full-cycle IT recruitment** across software engineering, data analytics, cloud infrastructure, and DevOps roles (mid to senior level); **closed 35+ positions** within defined timelines.
- Reduced average **time-to-fill by 25%** through proactive sourcing on LinkedIn Recruiter, Naukri, Indeed, job boards, and advanced **Boolean and X-ray search** techniques.
- Built and maintained a pre-qualified talent pipeline of **500+ IT professionals** through strategic sourcing, referrals, and continuous candidate engagement.
- Partnered with hiring managers to define role requirements, craft accurate JDs, and design structured **interview frameworks**, improving hire quality by **20%**.
- Tracked recruitment KPIs — time-to-fill, source effectiveness, offer conversion — using ATS tools; delivered regular reporting to stakeholders.
- Managed end-to-end interview logistics, **offer negotiations**, and onboarding documentation — achieving a **90% offer acceptance rate**.

Human Resources Associate

White Oval Business Solutions | Thiruvananthapuram, India

Oct 2018 – Dec 2020

- Supported end-to-end recruitment operations and **client relationship management**, contributing to **20% revenue growth** for the organisation.
- Collaborated cross-functionally with sales and marketing teams to align talent solutions with client workforce requirements.
- Managed and expanded client portfolios through direct engagement, business development, and sustained relationship building.
